## Summary

Motivated and detail-oriented Full Stack Developer with a strong foundation in object-oriented programming and software development. Proficient in Node Js, React Js, Express, and Mongodb, UI/UX, with hands-on experience in developing and desinging applications. Demonstrates a keen ability to quickly learn and apply new technologies. Eager to contribute to a dynamic development team and drive the creation of high-quality software solutions.

## Internship Experience

**Softwaregen Technologies Pune.** — UI/UX Designer Intern                    FEB 2024 – APR 2024

- **Developed Dynamic Front-End**: Created a dynamic and interactive front-end for a fetch detection website using HTML, and JavaScript, enhancing user engagement and functionality.
- **Implemented Responsive Design**: Ensured the website's responsiveness across various devices and screen sizes, improving accessibility and user experience.
- **Collaborated for Seamless Integration**: Involved in Web design and development for the UI interface design, Used HTML, CSS, and bootstrap 5, JavaScript.

## Projects

**Food-Delivery website (Node Js, React Js , Express, MongoDB,)**                    **June 2024-Present**

- Developed a full-stack food delivery website using Node.js**,** React.js**,** Express, and MongoDB to handle back-end logic, front-end components, server-side routing, and data storage.
- Utilized MongoDB for efficient data management, creating schemas and models to handle complex data relationships.
- Implemented responsive user interfaces with HTML**,** CSS, and Tailwind CSS, enhancing user experience across multiple devices.
- Developed a full-stack food delivery platform that allows users to browse menus, place orders, and track deliveries in real time.

**Educational  Website (React js, Html ,Css, Tailwind Css  )  -- URL**                    **May 2024 – June 2024**

- Developed a fully responsive educational website to provide users with a seamless learning experience.
- Implemented best practices in web development to ensure fast loading times and an optimized user experience.
- Utilized Tailwind CSS to create a modern, clean, and responsive design, ensuring compatibility across different devices.
- Built reusable components and optimized website performance.

**Tour-Travel  Website ( React js,  HTML, CSS, Tailwind Css)    --URL**                    **Aug 2024 – Sep 2024**

- I developed a dynamic and responsive Tour Travel website using React.js, Tailwind CSS, HTML, and CSS to create an engaging and user-friendly experience for travel enthusiasts.
- A showcase of curated travel packages with details, pricing, and images.
- Built with Tailwind CSS for mobile-first design, ensuring optimal user experience across all devices.
- This project demonstrates my ability to build full-featured web applications using modern front-end frameworks and tools like React.js and Tailwind CSS, while focusing on user experience and performance optimization.

**Landing Page Website ( React js,  HTML, CSS, Tailwind Css)  --URL**                    **May 2024 – June 2024**

- Developed a dynamic and visually appealing landing page for a restaurant using React.js, Bootstrap, and CSS.
- Developed a responsive landing page for a food website using React.js to create dynamic components and manage application state.
- Leveraged Tailwind CSS for efficient and scalable styling, achieving consistent UI design across all screen sizes.

## Technical  Skills

**Programming Languages:** Node Js, Express Js, HMTL, CSS, Javascript,  Basic PHP
**Library/ Framework:** React js , Bootstrap, Tailwind Css
**Database:** SQL, MongoDB
**Tools:** Git & Github, VS Code,  netbeans
**Design Tools:** Figma, Adobe XD, Photoshop,UI/UX

## Education

AAER's Asian College of Science and Commerce, Pune                    2024 - 2026
**Master in Computer Science**

RB Narayanrao Borawake College, Shrirampur  Dist-Ahmednagar                    2020 - 2023
**Bachelor in Computer Science   CGPA : 8.73**

## Certification

**SevenMentor Pvt Ltd ,Pune**
UI/UX Design Course.                    AUG 2023 – JAN 2024

**Simplilearn (Online Platform)**
Frontend Developer                    OCT 2023 – DES 2023

**Great Learning (Online Platform)**
React Js                    AUG 2023 – OCT 2024
